

# SATO SUPERSTRUCTURE

Need a toilet solution with added privacy for your latrine? The SATO SuperStructure has been designed to be sturdy, quick-to-assemble, and offers a private, safe and dignified area for individual use.

## BENEFITS

- **Sturdy Construction:** Built from “EcoRenew”, our innovative recycled plastic waste, the SATO SuperStructure is exceptionally robust and durable, ensuring long-term use and reliability.
- **Sustainable:** Made from recycled plastic waste, “EcoRenew” helping to reduce waste, CO2 emissions, and support eco-friendly initiatives.
- **Flat Packed Convenience:** Delivered in a compact, flat-packed form, this toilet building is easy to transport.
- **Quick Assembly:** Engineered for swift and straightforward assembly, the SATO SuperStructure can be assembled with minimal tools required, making it ideal for humanitarian settings.
- **Privacy Guaranteed:** Designed with user comfort in mind, it includes a secure door and well-structured walls that provide full privacy, enhancing the overall user experience. The opaque roof allows the sun to light the building during the daytime.
- **Price on Application.**
